## 1. Introduction

This Privacy Policy describes how Iuliia Kravchenko ("we," "us," or "our") collects, uses, and protects your personal information when you use the Seizurely mobile application ("App"), available on iOS and Android.

Seizurely is a health application designed to help users track epileptic seizures, medications, and related health data. Because the App processes sensitive health information and may be used by individuals under the age of 13, we take privacy seriously and are committed to transparency.

By using Seizurely, you agree to this Privacy Policy. If you do not agree, please stop using the App.

## 3. How We Use Your Information

We use collected information for the following purposes:

We do not use your health data to make automated decisions that produce legal effects about you.

We will never use your health or seizure data for marketing purposes. Marketing communications are based solely on your account email address.

#### 4. Legal Basis for Processing (GDPR)

If you are located in the European Economic Area (EEA), United Kingdom, or Switzerland, we process your personal data under the following legal bases:

Processing activity	Legal basis
Providing the App's core features	Contractual necessity (Art. 6(1)(b) GDPR)
Processing health/medical data	Explicit consent (Art. 9(2)(a) GDPR)
Improving the App via analytics	Legitimate interests (Art. 6(1)(f) GDPR)
Sending marketing emails	Consent (Art. 6(1)(a) GDPR) — you may withdraw at any time

Health data (seizure logs, medications, sex, triggers) is special category data under GDPR Article 9. We process it only with your explicit, informed consent, which you grant upon account creation.

You may withdraw consent at any time by deleting your account. Withdrawal does not affect the lawfulness of prior processing.

#### 5. Children's Privacy (COPPA)

Seizurely may be used by children, including children under the age of 13. We comply with the Children's Online Privacy Protection Act (COPPA) and applicable international children's privacy laws.

##### For users under 13 (United States)

- We require verifiable parental consent before collecting personal information from children under 13.
- Parents or legal guardians must create the account and provide consent on behalf of their child.
- We collect only the minimum information necessary to provide the service.
- Parents have the right to review, correct, or delete their child's information at any time by contacting us at seizurely.app@gmail.com.
- We do not use personal information from children under 13 for marketing or behavioral advertising.

##### For users under 16 (European Union)

Under GDPR Article 8, processing of personal data of children under 16 requires parental/guardian consent. Parents or guardians must register the account and provide explicit consent.

#### 6. Data Storage and Security

##### Where your data is stored

Your data is stored in two places:

1. On your device — locally in an encrypted SQLite database (offline access)
2. In the cloud — on Supabase servers, which use AES-256 encryption at rest and TLS in transit

Supabase servers are located in the European Union (Ireland, AWS eu-west-1). Your data stays within the EU and does not require cross-border transfer mechanisms under GDPR.

### Security measures

- All data transmitted between the App and our servers is encrypted via TLS 1.2+
- Passwords are never stored in plaintext; authentication is handled by Supabase Auth
- Access to the database is restricted to authenticated users only
- We conduct regular security reviews

No method of electronic storage or transmission is 100% secure. We cannot guarantee absolute security, but we take reasonable steps to protect your data.

## 7. Data Sharing and Disclosure

We do not sell, rent, or trade your personal information. We share data only in the following limited circumstances:

Recipient	Purpose	Data shared
Supabase (infrastructure provider)	Cloud database hosting and authentication	Account data, health logs
Apple / Google (app stores)	App distribution; their own privacy policies apply	App download metadata only
Law enforcement / legal process	If required by law or valid legal order	As required by law

We require all service providers to maintain confidentiality and use your data only as instructed.
